

#### § 16.4

of Commerce), State and local level; consumer organization; trade association; standards writing body; professional society; testing laboratory; or educational institution.

(f) The term *performance characteristic* means a performance characteristic of a consumer product that can be measured in an objective manner with respect to a given consumer product.

(g) The term *Specification* means a Performance Information Labeling Specification developed under §16.5.

(h) The term *label* means printed matter affixed to or otherwise provided with a consumer product and containing all of the performance characteristics as prescribed by the Specification applicable to that product.

(i) The term *designated agent* means a person as defined in paragraph (e) of this section, who has been designated by the Secretary to carry out appropriate operational procedures on behalf of more than one participant in this program in accordance with rules set out under §16.9.

#### **§16.4 Finding of need to establish a specification for labeling a consumer product.**

(a) Any person may request the Secretary to find that there is a need to label a particular consumer product with information concerning one or more specific performance characteristics of that product.

(b) Such a request shall be in writing and will, to the extent practicable, include the following information:

(1) Identification of the consumer product;

(2) Extent that the product identified in paragraph (b)(1) of this section is used by the public and, if known, what the production or sales volume is of such product;

(3) Nature and extent of difficulty experienced by consumers in making informed purchase decisions because of a lack of knowledge regarding the performance characteristics of the identified consumer product;

(4) Potential or actual loss to consumers as a result of an incorrect decision based on an inadequate understanding of the performance characteristics of the identified consumer product;

#### 15 CFR Subtitle A (1–15 Edition)

(5) Extent of incidence of consumer complaints arising from or reasonably traceable to lack of knowledge regarding the performance characteristics of the identified consumer product;

(6) If known, whether there currently exist test methods which could be used to test the performance characteristics of the identified consumer product and an identification of those test methods;

(7) Reasons why it is felt, in cases where existing test methods are identified in responding to paragraph (b)(6) of this section, that such test methods are suitable for making objective measurements of the performance characteristics of the identified consumer product; and

(8) Estimated cost to participants to test and label the product.

(c) The Secretary may ask for more information to support a request made under paragraph (a) of this section if she feels it is necessary to do so, or, if she deems it to be in the public interest, may develop such information herself as by consultation on a one-time basis with consumers, consumer organizations, and others. The Secretary shall act expeditiously on all requests and shall notify the requester of her decision in writing. If the Secretary determines that there is no need to establish a Specification for labeling the requested consumer product performance characteristics, or because of a lack of resources, she will decline to act further on the request. In those instances where the Secretary declines a request, she shall state the reasons for so declining.

(d) If the Secretary finds that a need exists to establish a Specification for labeling a consumer product under this program, she shall publish a notice in the FEDERAL REGISTER setting out such finding and its basis and stating that she is developing a proposed Specification in accordance with §16.5.

#### **§16.5 Development of performance information labeling specifications.**

(a) If the Secretary makes a finding of need pursuant to §16.4, she will publish a proposed Performance Information Labeling Specification in the FEDERAL REGISTER with a notice giving the

complete text of the proposed Specification and any other pertinent information. The notice will invite any interested person to submit written comments on the proposed Specification within 45 days after its publication in the FEDERAL REGISTER, unless another time limit is provided by the Secretary. Interested persons wanting to express their views in an informal hearing may do so, if within 15 days after the proposed Specification is published in the FEDERAL REGISTER, they request the Secretary to hold a hearing. Such informal hearings shall be held so as to give all interested persons an opportunity for the oral presentation of data, views, or arguments in addition to the opportunity to make written submissions. Notice of such hearings shall be published in the FEDERAL REGISTER. A transcript shall be kept of any oral presentations.

(b) Each Specification shall as a minimum include:

(1) A description of the performance characteristics of the consumer product covered;

(2) An identification by reference of the test methods to be used in measuring the performance characteristics. The test methods, where they exist and are deemed appropriate for inclusion in the particular Specification involved, shall be those which are described in nationally-recognized voluntary standards. Where appropriate test methods do not exist, they will be developed by the Department of Commerce in cooperation with interested parties and set out in full in the Specification;

(3) A prototype label and directions for displaying the label on or with the consumer product concerned. Such directions will not prohibit the display of additional information by the participant on space adjacent to the marked boundaries of the label; and

(4) Conditions of participation.

(c) The Secretary, after consideration of all written and oral comments and other materials received in accordance with paragraph (a) of this section, shall publish in the FEDERAL REGISTER within 30 days after the final date for receipt of comments, or as soon as practicable thereafter, a notice either:

(1) Giving the complete text of a final Specification, including conditions of

use, and stating that any prospective participant in the program desiring voluntarily to use the Department of Commerce Mark developed under § 16.10 must advise the Department of Commerce: or

(2) Stating that the proposed Specification will be further developed before final publication; or

(3) Withdrawing the proposed Specification from further consideration.

#### **§ 16.6 Establishment of fees and charges.**

(a) The Secretary in conjunction with the use of the Working Capital Fund of the National Institute of Standards & Technology, as authorized under section 12 of the Act of March 3, 1901, as amended (15 U.S.C. 278b), for this program, shall establish fees and charges for use of the Department of Commerce Label and Mark on each product. Such fees and charges shall be related to the number of units of products labeled, where appropriate. The fees and charges established by the Secretary, which may be revised by her when she deems it appropriate to do so, shall be in amounts calculated to make the operation of this program as self-sufficient as reasonable. A separate notice will be published in the FEDERAL REGISTER simultaneously with the notice of each proposed Specification referred to in § 16.5(a). Such notice will set out a schedule of estimated fees and charges the Secretary proposes to establish. The notice would be furnished for informational and guidance purposes only in order that the public may evaluate the proposed Specification in light of the expected fees to be charged.

(b) At such time as the Secretary publishes the notice announcing the final Specification referred to in § 16.5(c)(1), she shall simultaneously publish a separate notice in the FEDERAL REGISTER setting forth the final schedule of fees that will be charged participants in the program. The effective date of such final schedule of fees shall be the same as the date on which the final Specification takes effect.

(c) Revisions, if any, to the fees and charges established by the Secretary under paragraph (b) of this section shall be published in subsequent FEDERAL REGISTER notices and shall take
